

K-LOVE radio station in OKC is a blessing to our community.
Not only to me to thousands of listeners in the OKC area I listen
everyday as I go from client to client around town and often at
my destination hear K-LOVE when I enter a clients home or business.

I think it would be detrimental for those of us who chose to listen to Christian
music and wholesome entertainment. The amount of trash on the airways is already at
an alltime high. I don't believe we need more Low power broadcasting.

K-LOVE is an encouraging and uplifting, spirit enhancing station to listen to on a
daily basis. I for one would miss it terribly. I would have to listen to no radio
at all and use only my CD.

Thank you allowing me to express my opinion.

Sincerely
Carol P.Reinke
K-LOVE Listener and Christian
